EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in an interview with Pascale Hair on 12/09/2005.

The application has been amended as follows:

Claim 1, line 5, changed "requiring fixative" to -- requiring the fixative --.

Claim 1, line 6, changed "supply the fixative" to -- supply the fixative --.

Claim 3, line 2, changed "output of fixative" to -- output of the fixative --.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

Prior art does not disclose or suggest either alone or combined as claimed "a first fixative plane and a second fixative plane using dead nozzle compensation and a color plane requiring the fixative; whereby, the first fixative plane is initially used to supply the fixative to the printhead, but if the first fixative plane includes a dead nozzle then the second fixative plane is used."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
